

Evolution Markets Earns Three First Place Distinctions in the *Environmental Finance* 2023-24 Environmental Market Rankings

White Plains, NY (February 29, 2024): Evolution Markets continues its legacy of excellence in the latest *Environmental Market Rankings* published by *Environmental Finance* magazine. The 2023-24 winners were announced earlier today on the Environmental Finance website, with Evolution earning three first-place distinctions in the UK and EU markets.

The Environmental Market Rankings are the largest and most closely watched survey of the world's environmental markets. Market participants are asked to nominate the best banks, brokers, finance houses, law firms and consultants in the traded markets for carbon, renewable energy, biofuel, and weather and catastrophe risk. Companies are evaluated on the basis of efficiency and speed of transaction; reliability; innovation; quality of information and services provided; and influence on the market, not just the volume of transactions handled.

Evolution earned its first award in 2001 and has received more than 160 Environmental Finance awards in the survey's 24-year history – a record unmatched by any other brokerage firm.

In the 2023-24 Environmental Market Rankings, Evolution once again secured first-place distinctions in key categories, solidifying its position as the "Best Broker" in the following segments:

- **Best Broker, Options & Futures:** EU Emissions Trading System
- **Best Broker, OTC/Spot:** EU Emissions Trading System
- **Best Broker, OTC/Spot:** UK Emissions Trading System

The comprehensive list of 2023-2024 Environmental Market Rankings winners can be accessed [here](#).

About Evolution Markets Inc.

Evolution Markets Inc. provides strategic financial and industry-leading transactional and advisory services to participants in global environmental and energy markets. Formed in 2000, the company has become the green markets leader, leveraging its unrivaled experience and knowledge on behalf of participants in the global carbon, emissions, renewable energy, and over the counter (OTC) power, natural gas, oil, nuclear fuel, and biofuels markets. Additional market services include net zero advisory, structured transactions, and data and analytics. Based in White Plains, NY, Evolution Markets serves clients on six continents from offices in New York, Houston, London, and Nice. As of January 2023, Evolution Markets operates as a wholly owned subsidiary of Xpansiv.
